

Child Care Induction

Think Tank Academy are proud to be the first provider to launch a full Child Care Induction Standards online training course. This course is critical for individuals working in the children's residential sector as it provides them with the skills, knowledge and approach required by Children's Social Care staff across the UK. The Induction Standards are composed of 14 key principles designed to provide a good induction to both compliance and operational aspects of working in Child Care or Residential Child Care.

The knowledge that you will learn:

- COSHH
- Administration of Medication
- First Aid Awareness
- Health and Safety
- Fire Safety
- GDPR
- Food Safety
- Equality and Diversity
- Recording and Reporting
- Safeguarding Children
- Professional Boundaries
- Self-Harm
- Communication Skills
- Quality Standards

Course Audience

- Residential Care Workers
- Health Care Workers
- Social Care Workers
- Children's Centre Practitioners

Course Duration

This course will take around 6 hours to complete.

You do not have to complete the course in one sitting. You can come back to the course and continue from where you left off.

Course Price

The course price is £60 or 3 credits.
